**[Docket No. NHTSA-2018-0029; Notice 1]**

**Notice of Receipt of Petition for Decision that  
Nonconforming Model Year 2015 Chevrolet Silverado Trucks Are  
Eligible for Importation**

**AGENCY:** National Highway Traffic Safety Administration  
(NHTSA), Department of Transportation (DOT).

**ACTION:** Receipt of petition.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that certain model year (MY) 2015 Chevrolet Silverado trucks that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS), are eligible for importation into the United States because they are substantially similar to vehicles that were originally manufactured for sale in the United States and were certified by their manufacturer as complying with the safety standards (the U.S.-certified 2015 Chevrolet Silverado trucks) and are capable of being readily altered to conform to the standards.

## **SUPPLEMENTARY INFORMATION:**

**I. History:** Under 49 U.S.C. § 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation and sale in the United States, certified under 49 U.S.C. § 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition it receives and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

**II. Summary of Petition:** Wallace Environmental Testing Laboratories (WETL), of Houston, Texas (Registered Importer R-

90-005) has petitioned NHTSA to decide whether nonconforming MY 2015 Chevrolet Silverado trucks are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are MY 2015 Chevrolet Silverado trucks sold in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it compared non-U.S.-certified MY 2015 Chevrolet Silverado trucks to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

The petitioner submitted information with its petition intended to demonstrate that the subject non-U.S.-certified vehicles as originally manufactured, conform to many applicable FMVSS in the same manner as their U.S.-certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that the non-U.S.-certified MY 2015 Chevrolet Silverado trucks, as originally manufactured, conforms to: Standard Nos. 102 *Transmission Shift position Sequence, starter interlock, and transmission braking effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 108 *Lamps, Reflective Devices, and Associated Equipment*,

System Integrity, and 302 Flammability of Interior Materials.

The petitioner also contends that the subject non-U.S.-  
certified trucks are capable of being readily altered to meet  
the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: The brake warning telltale must be modified to show the word "BRAKE" when activated.

Standard No. 208 *Occupant Crash Protection*: Inspection to ascertain if the software and firmware installed in the vehicle are the same as the most up-to-date versions installed in the U.S.-conforming version of the vehicle. Replacement of any software or firmware found not to be the most recent versions. Replacement of sun visors with U.S.-model components to meet the labeling requirements of FMVSS No. 208.

The petitioner further states that labels will be affixed to conform the vehicle to the requirements of 49 CFR Parts 565 and 567, *VIN Content* and *Certification*, respectively.

**III. Comments:** All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and considered. Comments filed after the closing date will also be considered to the fullest extent possible and available for examination in the docket at the above addresses.

Once the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

This notice of receipt of the subject petition does not represent any agency decision or other exercise of judgment concerning the merits of the petition. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.
